

AMAL ALNAHDI

GRAPHIC DESIGNER & ANIMATOR & 3D ARTIST

ABOUT ME

My name is Amal Alnahdi and I'm a very passionate person about both my work and learning.

My artistic journey sees no limits on what can be achieved whether it's with a pen and paper or high-end software. If I can imagine it, I can deliver it. It's fair to say I have a big imagination. I tend to think outside the box when it comes to ideas. I tend to either have original ideas or enhance previous ones. I care about telling stories through my work, design, film, or otherwise. With all that said and done, I'm also a nerd, a bookworm, and a writer. I love reading about fantasy and learning about science. In my opinion, life always has new things to teach all we have to do is listen to the lessons.
